

AdmiralPro Delta® Design Professional Liability Risk Management Program

SR Risk Profile®

As an Insured with Admiral Insurance Company, you will receive a firm specific risk assessment called an **SR Risk Profile®** which is conducted by **SmartRisk**, a leading, independent risk performance consultancy for design professionals.

The **SR Risk Profile®** focuses on the analysis of key categories of **risk** and **liability exposures**. This is accomplished through an online questionnaire, in-house interviews, and the review of operational practices and documents.

Upon completion, the firm will receive **SR Risk Profile Report®** specific for your firm, an **SR Risk Profile Action Plan®** including **specific methods** for mitigating future risk and liability exposures and a **SR Risk Profile Certificate of Completion®** for your records.

The firm is responsible for contacting **SmartRisk** and scheduling the **SR Risk Profile Report®** within 90 days of binding coverage. Contact Info: info@smarrisk.biz, 626-665-8150, www.smarrisk.biz.

Consulting and Contract Review Services

Following the **SR Risk Profile®** (number of hours) of risk management consulting including contract review services hours are available for the firm through **SmartRisk** to assist in managing and allocating risks on your projects. Operational and suggested contract language will focus mitigating a loss **before** a loss or claim occurs.
